

CENTRE FOR ENERGY AND TELECOMMUNICATION LAWS

MAHARASHTRA NATIONAL LAW UNIVERSITY, NAGPUR

INTERNSHIP POLICY

About the University

Maharashtra National Law University, Nagpur, was established by the Government of Maharashtra by way of an enactment known as the Maharashtra National Law University Act (Maharashtra Act No. VI of 2014). The University is the nineteenth National Law University in India. The University is a residential University engaged in promoting quality legal education and conducting cutting-edge research on thriving issues of law, social science and humanities. The University is presently offering B.A. LL.B. (Hons.) Five-Year Integrated Degree Course; LL.M. One-Year Postgraduate Degree Course; Ph.D. interface with law.

About the Centre for Energy and Telecommunication Laws

The Centre for Energy and Telecommunication Laws (CETL) was established as one of the Centers of Excellence by Maharashtra National Law University, Nagpur, in the year 2018. Since its inception, it has undertaken extensive research on important contemporary issues in the field of Energy and Telecommunication Laws. It focuses on teaching, capacity-building, holding seminars and workshops for different stakeholders in Energy and Telecommunication sector. The Centre endeavors to offer academic contribution to energy and telecommunication policy making by publishing reports, journals, books and newsletters.

Scheme of Internship/ Application Process

The applicants must communicate their interest for internship via email to cetl@nlunagpur.ac.in along with their CV. The subject of the email must be 'Internship Programme with CETL'.

Along with the CV, the applicant must also submit a statement of purpose (of not more than 500 words) explaining their interest in interning with the Centre.

Eligibility

The internship is open to students enrolled in any undergraduate, postgraduate or Ph.D. programme in law from a recognised University.

Duration

Internships will be provided for a period of minimum 4 weeks and the applicant must indicate the exact dates in their application. The Applications will be considered on Rolling Basis.

Work Structure

Once the applicant is selected, he/she would be asked to undertake tasks that shall involve assisting in research on topics related to Energy and Telecommunication Sector. The interns are expected to facilitate and coordinate the programs conducted by the Centre.

Interns may be asked to share the research work assigned to them in the form of papers, presentations or reports; weekly report being mandatory. During the internship period, interns may have an opportunity of field work for empirical research and data collection. Also, interns may be asked to attend seminars, conferences and other events and they must update their work accordingly.

The interns must sign the attendance register and report to the designated Supervisor who will be monitoring the progress of the interns. Poor attendance may result in non-issuance of the internship certificate.

Submission of Report

Interns must submit a final report to the Supervisor at the end of the internship period containing the work done by the intern during the internship period for the processing of the Certificate.

The Center for Energy and Telecommunication Laws' Blog

The Centre, considering the importance of development of the jurisprudence on these two subjects, has started its own blog in June 2020. The blog is called "The Center for Energy and Telecommunication Laws' Blog" and can be accessed here: <https://cetlnlunagpur.wordpress.com/>.

As iterated above, the interns are expected to submit their work regularly and if the research work of an intern is considered to be satisfactory by the Centre and the Editorial

Board of the blog, then that work can be published on the blog with due acknowledgement to the intern. Thus, interns are expected to undertake their research work diligently.

Confidentiality and IPR

The Centre reserves all rights and title over the research done by the interns during the internship period and the research work cannot be otherwise used by the interns without prior written approval of the Centre. Any breach of this may invite legal consequences.

Accommodation

The intern is expected to make his/her own arrangement for accommodation during the internship period. However, the interns may get accommodation in University hostels subject to availability.

NOTE:

1. The Centre for Energy and Telecommunication Laws does not provide any stipend to the interns.
2. Maharashtra National Law University, Nagpur, will not bear travel and accommodation expenses incurred by the interns during the period of internship. However, travelling costs pertaining to field visits incurred by the interns for the purpose of research work assigned by the Supervisor will be reimbursed on actuals against bills/vouchers.
3. Interns must produce their University cards/ID and internship application forwarded by their University on the date of joining.
4. The confirmation of the internship will be communicated to the applicant within 15 days from the submission of the application. If no correspondence is made from the Centre within the aforementioned period, kindly assume that the application has not been considered.
